Bookings by Type

	Count	Total Fees
Beneteau	5	\$ 3,400.00
Capri 22 Mk II	3	\$ 1,325.00
Catalina 270	3	\$ 2,050.00
Hunter	4	\$ 2,600.00

tions

Calculate the ***Fees per Passenger***, then set it to ***Comma*** style .

In cells D27:D30, count the number of bookings by type using the ***COUNTIF*** function.

Tip: Use "ben*" to get all of the Beneteau boat models.

Use the ***SUMIF*** function to calculate the ***Total Fees*** for each boat type in cells E27:E30.

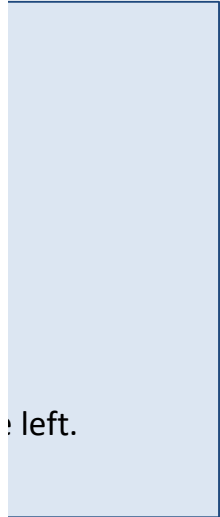

Note: this is not Revenue per Passenger.

Format all dollar amounts using the Accounting Number Format.

The certification exam will have it worded this way:

In cells D27:D30, using a function, count the number of bookings by the boat type to the

Calculate the Total Revenue for each boat type in cells E27:E30 using a function.

left.
